Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 18-20 and 29 have been canceled as being directed to an invention non-elected without traverse.

The first sentence of the specification has been replaced with the following:

--This application claims benefit of Provisional U.S. Patent Application Ser. No. 60/416,622 filed October 7, 2002. This application also is a continuation-in-part of U.S. Patent Application Ser. No. 10/017,582 filed December 7, 2001, now US Patent Number 6,669,694 which claims benefit of Provisional Patent Application Ser. No. 60/125,487 filed December 9, 2000. All of the above applications are incorporated herein by this reference, together with the specifications of all other commonly-invented applications cited therein.--

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: applicant's amendments and arguments are deemed to overcome the rejections of record. In particular, applicant is correct to assert that the instant application may be allowed to issue without a terminal disclaimer (pages 7 and 8 of the response). Further, the amendments to claims 30 and 31 are deemed to distinguish over the prior art, particularly the Stone reference, since the prior art fails to disclose the step of providing

a second energy density less than the first to maintain the vapor media as now required in each of these claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Peffley whose telephone number is (571) 272-4770. The examiner can normally be reached on Mon-Fri from 7am-4pm.
